

seal or fastening being broken or otherwise showing obvious damage.

(3) The material used shall be selected with reference to the sealing system used.

(d) *Identification marks.* (1) If the seal is to be purchased and used by U.S. Customs, the seal or fastening, as appropriate, shall be marked to show that it is a U.S. Customs seal by application of the words "U.S. Customs" and a unique identification number on the seal.

(2) If the seal is to be used by private industry (i.e., a shipper, manufacturer, or carrier), it must be clearly and legibly marked with a unique company name (or logotype) and identification number.

(e) *Customs acceptance.* Seals will be considered as acceptable for use and/or purchase by U.S. Customs as soon as the manufacturer attests that the seals have been tested and meet or exceed the standards provided in paragraphs (a) through (d) of this section, and will continue to be considered acceptable until such time as it is demonstrated that they do not meet the standards. A manufacturer may attest to the qualification of a specific seal, or to an entire product line of seals as of a certain date. Any addition of a seal to a group of seals attested to as a group would require specific acceptance of that seal by Customs.

(f) *Testing.* All testing of seals deemed necessary before Customs acceptance will be done by the manufacturer or by a private laboratory, and not by Customs. However, Customs reserves the right to test, or to have tested, seals that have been accepted by Customs.

(g) *Records.* The manufacturer's attestation that a seal meets or exceeds the standards specified in this section and, if deemed necessary by Customs, the seal test record shall be sent to the Assistant Commissioner, Field Operations, Headquarters, U.S. Customs Service, Washington DC 20229.

Customs forms which are designated as salable shall meet the following conditions: (1) The form is distributed to private parties for use in completing customs transactions; (2) the quantity used nationwide annually is sufficient to justify the administrative costs involved in selling the form and accounting for the collections involved therein, or the form is primarily for the use of a special group; (3) distribution is or can generally be made in lots of 100 or more; (4) the form is normally distributed to commercial concerns (customhouse brokers, freight forwarders, vessel agents, carriers, regular commercial importers, etc.) rather than to or for the use of individuals or others (tourists, churches, schools, occasional importers, etc.) for non-commercial purposes.

(b) The price of each salable Customs form shall be established by the Commissioner of Customs, or his delegate, and shall be adjusted periodically as the varying costs of printing and distribution require. A list of salable customs forms showing the price at which each is sold shall be prominently posted in each customhouse in a location accessible to the general public.

(c) Customs forms for sale to the general public, except unusually large or otherwise unsuitable forms, shall normally be prepared in units containing 100 copies.
